

CML II

Allied's all new CML II Carrier Mounted Automatic Lubrication System

CML II Carrier Mounted Automatic Lubrication System for Hammers

Features:

- Carrier mounted
- Large refillable reservoir
- Improved refill opening
- Electrically operated (12 or 24 Vdc)
- Auto hammer shut off with indicator light standard
- Complete with electrical kit, hoses, connectors, and mounting

User Benefits:

- Controlled lubrication to match hammer requirements
- Improved life of hammer wear parts
- Eliminates manual lubrication time and resulting lost production
- Fast return on investment
- Ideal for heavy duty cycle applications and rental units
- Contributes to operator and maintenance safety
